Waterbury Medical Association

*Speaking for the
Physicians of Greater*

Waterbury:

One

Strong

Voice

Why Should I Join Waterbury Medical Association?

◆ **Support** an organization that is your representative in the medical community. The members of our Executive Committee can communicate effectively on your behalf with county and state medical associations, hospital administrations, government agencies and legislators. While we can't solve all the problems we can amplify your voice and help you present your views in an effective way, saving you time and aggravation.

◆ **Community Service** Be a part of an organization that gives back to the community through its activities involving the management of a medical school scholarship fund, public safety, and *Project Access*, helping to build your image and the image of the medical profession in our community.

◆ **Value** At \$100 the WMA is a bargain. We are able to do this because the income from our substantial reserves subsidizes a significant portion of our budget. Events are frequently discounted to members and guests.

◆ **Network** with other physicians. Effective networking is the key to building a thriving practice. The events sponsored by the WMA provide an opportunity to get to know other members of the medical community outside the office and hospital. Interact with your peers and consultants in a more social environment.

What Do We Do?

◆ Advocate for Physicians

- a. Host periodic face-to-face meetings with legislators
- b. Maintain a liaison with legislators in Hartford
- c. Maintain a close working relationship with the Connecticut State Medical Society and the New Haven County Medical Association
- d. Provide personal advice and assistance to whatever extent is possible through our Physician Advocate Program

◆ Host Social and Educational Events –

These often include guest speakers from a variety of backgrounds, Waterbury symphony events, organized outings such as golf, etc.

◆ Promote the Welfare of the Community

- a. Connecticut Safe Kids
- b. Project Access
- c. Research Day at both hospitals
- d. Provide scholarship assistance to area medical students through a separate endowed fund restricted for that purpose.
